Subject: Hot Issue: U&O FIP OMB Request for Briefing

Region 8 air program HAS BEEN REQUESTED to brief the office of management and budget (OMB) on the proposed reservation—specific rulemaking in the uinta basin: Before Jan. 22, 2016, the Air Program has been requested by the Office of Policy to brief OMB on the draft proposed rulemaking to achieve VOC emission reductions at existing oil and gas sources located in Indian country on the Uintah & Ouray Reservation. The U&O Federal Implementation Plan was specified by the Region as a Tier 3 action and we submitted a justification for non-significance. However, OMB has discretion to review any action. In the event that OMB wants to review the draft proposed rule, we will send it to OMB after submitting it through the Office of Air and Radiation to the Office of Policy. *Information only; no action required by the RA/DRA.* **Contact: Carl Daly, 312-6416 or Deirdre Rothery, 312-6431**
